Under capacity production in Indian Rare Earths Ltd

2201 SHRI PARVATHANENI UPENDRA Will the PRIME MINISTER be pleased to state

(a) whether it is a fact that the chemical plant of Indian Rare Earths Limited, a public sector undertaking has repeatedly failed to give required production and its mineral separation plant has shown under-capacity production, and

(b) if so, what are the reasons therefor and the details of the measures proposed to be taken to put the Indian Rare Earths Limited on a sound footing?

THE MINISTER OF STATE IN THE MINISTRY OF SCIENCE AND TECHNOLOGY AND MINISTER OF STATE IN THE DEPARTMENTS OF OCEAN DEVELOPMENT, ATOMIC ENERGY, ELECTRONICS AND SPACE (SHRI K R NARAYANAN) (a) and (b) Indian Rare Earths Limited has a chemical plant at Udyogmandal, Alwaye in Kerala, which is working at full capacity The company has a mineral separation plant a Chavara in Kerala and at Manavalakurichi in Tamil Nadu which are also working at near full capacity.

In addition, the Company has, in October, 1986, commissioned the Orissa Sand Complex (OSCOM) Project consisting of a chemical and a mineral separation plant in Chhatrapur district of Orissa Commissioning trials have revealed some teething problems and the Company is taking remedial steps to resolve them The OSCOM Plant is expected to reach its designed production capacity in a phased manner during the next two years

Terrorism in Punjab

2202 DR BAPU KALDATE Will the Minister of HOME AFFAIRS be pleased to state

(a) whether it is a fact that during the past eight months several people were killed, many terrorists were arrested and killed, several police personnel were killed and injured, several stenguns rifles, pistols were recovered from Punjab and several other terrorists infested parts of the country,

(b) if so, what are the details thereof, and
